Pet Policy

Dear Tenant,

FLEAS & TICKS - Our owners require that pets be on a flea treatment. Please check with your veterinarian as to which treatment is suitable for your pet.

Because fleas & ticks may not hatch until two weeks after your departure, we will be holding your security deposit an additional week and will return it to you 17 days after your departure instead of the 10 days listed in our guidelines.

CLEAN-UP – You are responsible for the cleanup of all pet excrement on a daily basis since the lawn may need mowing during your stay.

FURNITURE – Please, no pets on the furniture. The cleaner has a limited time before the next family arrives for their vacation. It is very time consuming to clean furniture of pet hair and many owners have stopped allowing pets for that reason. Excessive pet hair can lead to additional cleaning charges against your security deposit.

LAWS – The towns on the island and Acadia National Park all have leash, clean-up, and barking laws. Please abide by them to protect your pet and keep your neighbors happy.

SAFETY - Please don't leave your pet (especially small ones) outside unattended. This is a rural area and there are many forms of wildlife (eagles, foxes, coyotes, etc).

If you have questions, feel free to ask.

Sincerely,

Sheri & Joseph Wright
